NIGHT LIGHT

Shutdown Timer

Energy efficient

Quiet Operation

Wood's WHU400 is a very convenient humidifier that is easy to handle. Simply turn the mechanical knob to set desired humidity! This compact humidifier has a clear water tank that is easy to clean and refill and which lets you see the water level.

When the humidifier is run in night mode, a soft blue light shines from the knob and the water tank.

Wood's WHU400 is quiet enough for it to run throughout the night. **Wood's WHU400** fits any environment and is incredibly low on energy consumption.
